Incident Details

There was a break in at our office on Saturday May 30, 2026 around 1am. Two masked men entered the building by prying open the side entrance, then breaking the glass on our office door with crow bars. The thieves stole multiple pieces of video production equipment. they were in and out in less than 10 minutes. We believe this is part of a larger ring targeting production companies in the Seattle Area. This is the 2nd break in. We were also robbed on April 17th, 2026. We now have alarms & cameras, but they were still able to get away before the police arrived.
